**Feature branches**

- Feature for future release
- Major feature for next release
- From this point on, "next release" means the release after 1.0

**Develop**

- Incorporate bugfix in develop
- Only bugfixes!

**Release branches**

- Severe bug fixed for production: hotfix 0.2
- Start of release branch for 1.0
- Bugfixes from rel. branch may be continuously merged back into develop

**Hotfixes**

- Tag 0.1
- Tag 0.2

**Master**

- Tag 1.0
