JBossESB In Practice

Jiří Sedláček, Martin Večeřa
JBoss Quality Engineering, Red Hat
20th October 2011

Agenda

- What should we try?

- What will it look like?

- Exercise

System Integration: JBossESB In Practice | 2011

redhat.

JBoss
by Red Hat

What should we try?

- Gateways/Transports
  - InVM transport
  - HTTP Gateway
  - File System Gateway
- Routing
  - Static Router
  - Content Based Router
   - Regex, Drools
  - Email Router

- SOAP WS Client
- Smooks transformations

- And maybe more...
